# The Pillars and Values Of Our Sacred Feminine Community

At the core of Our Sacred Feminine Community  
are women who want to make a difference  
in their own lives and the lives of women everywhere.

We are passionate about creating opportunities for all women to connect with other women who have the same or similar interests, building their self-confidence whilst walking the path with each and every woman on the journey of Self-Love.

Our philosophy is that *'No Woman has to do this Alone'*  
and we want to *'Touch the Lives of Women Everywhere'*.

The Foundation of our Community is built upon our Pillars and Values. Each of these is integral to our Sacred Journey. We Live & Breathe these Values and bring them to life in every interaction, every Community Event and every Tribe.

## Our Pillars

Community - Personal Empowerment -  
Sacred Feminine - Business Opportunity

**1. Our Community - Belonging:** Belonging is a basic human need. It is as important to us as the need of food and water. Connection and Community is the core of everything we do at SFC. Our Community and Tribes give us a unique way to find others with similar interests and passions so that we, as women, can come together and share our unique voice with the world.

**2. Personal Empowerment – Self-Love:** Our mission is to empower women to truly love themselves.

We believe in uplifting everyone we come into contact with.

We offer opportunities and programs with a core theme of Upliftment, Empowerment and Growth.

**3. Sacred Feminine - Being:** Who we are being in any moment impacts everything and everyone in our lives. SFC is about connecting to our sacred feminine. Reacquainting ourselves with our inner Goddess & shining a light on the Divinity within ourselves and each other.

**4. Business Opportunity - Opportunity:** Our Sacred Feminine Community is a Global platform where women can share their unique voice with the world.

We offer a way for women everywhere to embrace their gifts and share their wisdom, programs, and business with others.

We offer the opportunity to share your offerings with women everywhere.

***Our Pillars are our Direction, and our Values are our Breath.  
We Live to bring them to life in every Interaction,  
every Community Event and every Tribe.***

## **Our Values**

### **1. FAITH**

We have Faith in our belief that the Universe is always supporting and guiding our steps. Following the guidance as it shows up, we have Faith in our capacity to be instruments in creating something wonderful.

We also have the Faith in the goodness of everyone we encounter.

### **2. GENEROSITY**

Our Sacred Feminine Community believes that by giving we receive. We give love and compassion to ourselves and with that we can give of our time and energy to others. We create events and tribes that feed our soul and by doing that we are feeding the soul of others.

### **3. CONNECTION**

One of the underlying needs of women all over the world is to experience Connection. Deeper Connections with ourselves, with each other and with Community. As Our Sacred Feminine Community believes that no woman should have to be alone, we provide opportunities every day for all women to experience Connection in whatever way they desire. From chatting over coffee with members of a Local Tribe to Connecting with women online in our Global Communities, in every interaction we are building connection.

### **4. ACCEPTANCE**

We offer total acceptance of Self and Others. No matter your upbringing, beliefs, or orientation, we at SFC value everyone's unique voice and contribution. We do not believe in judgement or condemnation, instead offer love, peace and acceptance to everyone we meet and in every interaction.

### **5. SERVICE**

To be in service is what gives our life meaning and has us feeling fulfilled.

We are in service to ourselves by acknowledging our needs, whether it is connection with others, uplifting ourselves or reawakening our Sacred Femininity. We are in service of each other by holding space whenever it is needed, walking the same path with other women on our Journey of Self-Love and providing a helping hand when asked. When we can make a difference in the lives of others, we show up and shine in the world, and when doing this we are at our absolute best. We believe that when we come from a space of service and adding value to another woman's life, we will be abundantly blessed and taken care of.

## **6. LOYALTY**

We are loyal to our community. We do what we say, and we have each other's back. We celebrate our differences and always show respect. Knowing that we are held by others gives us permission to stand tall, make changes and take some calculated risks knowing that we are part of something bigger than ourselves.

## **7. REASON**

We look at everything through the lens of Reason. Coming from a position of "Is it reasonable?" and if we notice that we are being unreasonable, we then take responsibility. We are balanced and always ask "What is the need in this moment?".

## **8. GROWTH**

If we choose, we have the opportunity to learn something new every day and move beyond our limitations. We surround ourselves with other women who are also willing to be open to growing and learning. We support others in their journey by encouraging them to step up in our community as Tribe Hosts or Event Facilitators. We believe that together we can learn more and become more.

## **9. FEARLESSNESS**

We believe that in order to live our dream life we must face our fears. With Courage and Support, we lean into the things that scare us so that we can move through them rather than being stopped by them. Our belief is that every person has something amazing to contribute, so we encourage women to move through their limiting beliefs so that they can shine brightly and bring their gifts to the world.

## **10. JOYFULNESS**

Fun, Joy, Light heartedness is at the core of everything we do, every event we host and every interaction we have. Laughter is the greatest medicine and the gentlest teacher. Being able to laugh at ourselves allows us to have fun and not be too serious. We bring a lightness to every interaction and others. Love and Laughter brings a healing ripple effect that makes our world a better place.

*"We are not meant to move through this life alone but to find a Tribe of Loving and Supportive Sisters to come together and share our stories, extract our unique message and use our voices"*

- Lori Harder

# Our Tribes

An integral part of Our Sacred Feminine Community are our Tribes.

This is where you will have the opportunity to connect with women from all over the world, share your passion and help us to fulfil our mission in '*Touching the Lives of Women Everywhere*'.

## What Is A Tribe?

**A Tribe is created to promote** your Hobby, Interest, Passion or Business to other likeminded people around the globe.

**A Tribe meets online** but Local Social Tribes also meet in person for most of their gatherings.

**Tribes meet on a regularly** weekly, fortnightly, or monthly basis, but there is also a great deal of interaction between Tribe Members through the Tribe Forum

**A Tribe Host is the Mother of her Tribe** and because a Tribe is more like a Family, the role of a Tribe Host is to support her members in their journey of Personal Empowerment, and this is done through nurturing, encouragement, support, teaching & guiding of her family.

**And because of this Tribe Members experience** a lot of ongoing engagement between the Tribe Host & its members in the Tribe Forum.

**Your Tribe is an opportunity for you to fulfill your Purpose** and share your Passion. Your Tribe becomes a Priority in your Life, not just something that you 'have to do', but something that you 'want to do' and it's amazing how the time & energy becomes available for you to engage in your Tribe when you are on this journey.

**As a Tribe Host, you are also an Integral part** of Our Sacred Feminine Communities purpose, not just for your Tribe, but to other Tribes and the Community as a whole, because together we '*Touch The Lives Of Women Everywhere*'.

**Tribes are also perfect if you have a business**, as a Tribe is an excellent way to develop your Services, Classes, Courses or Products, because of the added interest & connection that a Tribe brings.

**In Summary: Tribes are where members join**, seeking to grow as individuals. They expand their knowledge & awareness, they find belonging in a Tribe, they also find connection & friendship where they are encouraged to pursue their hearts desires and they participate in their Tribes.

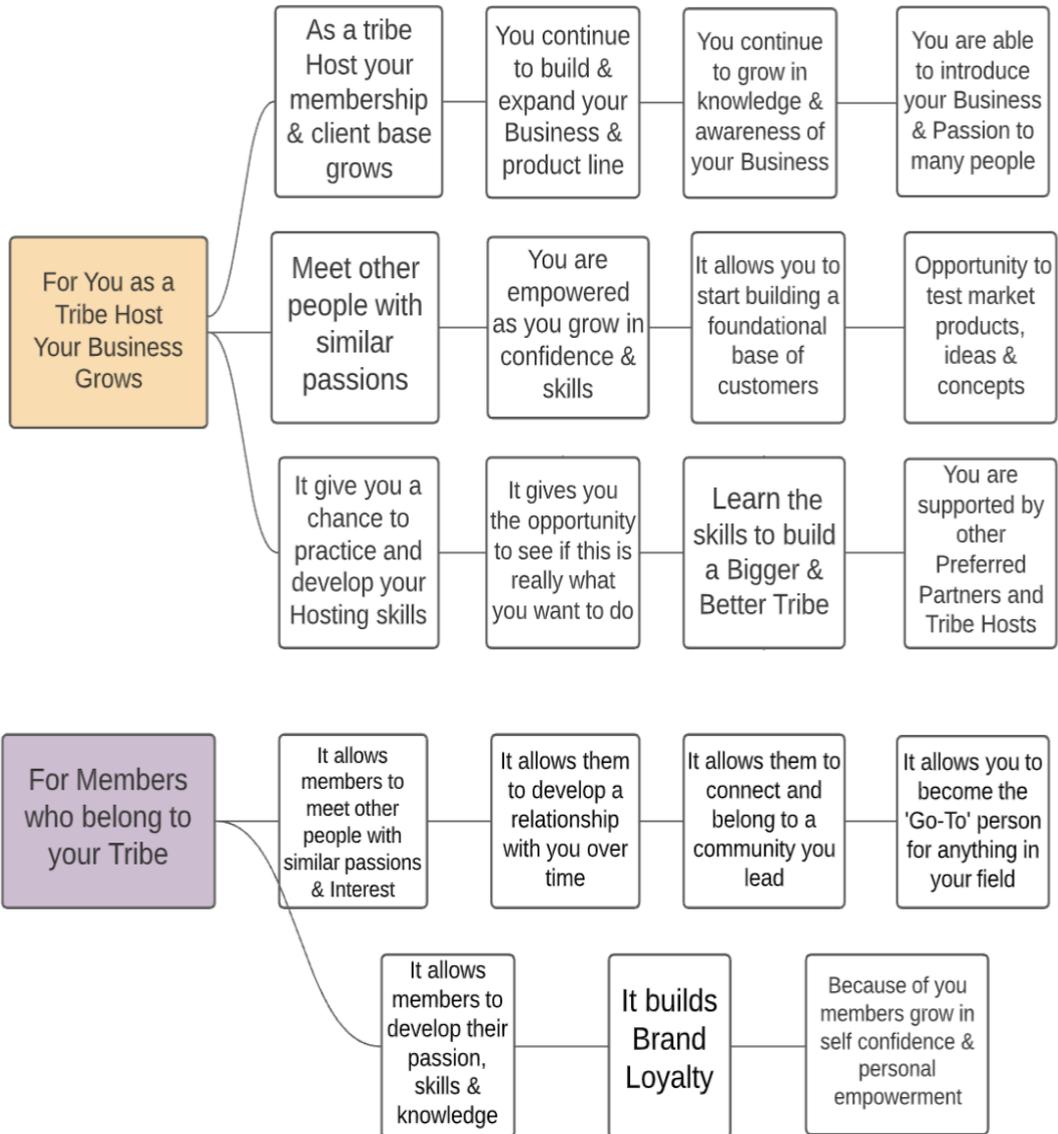

**Also, being a Tribe Host is a great starting point** to learn and develop the skills required to become a Host Mentor where you become the pinnacle point of helping other Hosts to build & develop their very own Tribes. How to do this is set out below in the "Best Practices to Build Your Tribe."

**Promotion of Tribes by SFC** will involve: [Community Calendar](#)  
[Facebook Event Page](#)  
FB Community Promotion  
Meetup & other websites

**Plus extra promotions** of individual Tribes in community and throughout FB.  
Tribe Hosts will be interviewed and featured throughout Facebook.

# Thank You

Thank you for joining Our Sacred Feminine Community.

Thank you for being a woman whom we would like to connect with on a deeper level.

We believe we can have a beautiful connection that doesn't take away from our time and energy, but instead restores, recharges and adds more value to our lives.

We are a group of women who know with certainty that there is more to be experienced in this lifetime than what is seen on the surface.

We sense our calling to live in a more meaningful way.

We no longer choose to travel alone and we have a mutual interest in elevating ourselves as much as we do each other.

We enrich each other's experience and learn to accept ourselves whilst traveling through this masterpiece called life.

And we welcome you to join us.

*“When you are inspired by some great purpose, some extraordinary project, all of your thoughts break their bonds: your mind transcends limitations, your consciousness expands in every direction, and you find yourself in a new, great and wonderful world. Dormant forces, faculties and talents become alive, and you discover yourself to be greater person than you ever dreamed yourself to be.”*
